ACADEMIC PROJECTS

Quiz Application

Developed a system that provides a simple and efficient way for both administrators and users to take quizzes in a user-friendly environment.

E-Commerce Platform

Designed and implemented an online shopping website with product search, user authentication, and a responsive UI for a smooth customer experience.

Online Ticket Reservation

Designed a web-based train ticket booking system with a centralized network. Users can select trains, choose travel dates, and book tickets through an interactive form.

Portfolio Website ([Live](#))

Created a personal portfolio website to showcase projects, skills, and personal information in a professional and visually appealing manner.
